

Where's your Clutter HOTSPOT in your home?

If this is the floor plan of your space and you are standing at the front entrance/door into your home, where is your clutter hotspot?

This is your HOME

A (Back left corner)	B (Back middle)	C (Back right corner)
D (Left side middle)	E (Middle)	F (Right side middle)
G (Left front corner)	H (Front middle)	I (Right front corner)

Your **Front Door/Entrance** is somewhere here

Write down which letter answers the following questions:

Where is the most clutter? _____

What area bothers you the most? _____

Where does the most stuff collect? _____

In the ancient art and science of Feng Shui, each area of your home represents a different area of your life, to find out what area(s) of your of life are impacted by your clutter, continue to the second page.

The Areas of your Life represented by the map above are:

- A = Abundance
- B = Self-Discovery
- C = Relationships
- D = Community
- E = Well-Being
- F = Creativity
- G = Wisdom
- H = Purpose
- I = Assistance

So, based on your Clutter HOTSPOTS, which areas of your life are being impacted by too much clutter?

It's time to let the clutter clearing begin!

Remember the Clutter Clearing Golden Rule:

Do I love it? Do I use it?

If you don't answer yes to one of these questions, the thing has no space in your life.

(Know that this is an estimation of the areas that are impacted in your life. To be sure, you would need to apply the Energy Map (the Bagua map) onto the floor plan of your space using the techniques learned in Feng Shui for an accurate representation of the exact area.
